

Personal Web Page Project

Chapter 1

1. Review the menus and features of FrontPage.
2. Design a 4 page website.
 - a. Page 1 - index.htm
 - b. Page 2 - school.htm
 - c. Page 3 - hobbies.htm
 - d. Page 4 – family.htm
3. Each page should include top, left side, and bottom shared borders.
4. Each page should include navigation to all other pages.
5. Each page should be built so resolution or browser size does not affect it.
6. Each page should be pleasing to look at and informative. Use good design skill to make the pages as professional as possible.
7. Page 1 should include at least a paragraph of biographical information and your individual picture. You can bring your own picture or Mr. Stephenson will take one for you.
8. Page 2 should include at least a paragraph about your school, the school mascot, the school logo, and your class schedule.
9. Page 3 should include at least information about 1 hobby and some clip art or picture.
10. Page 4 should include at least a paragraph about each family member. Pictures are optional.
